ASEF Outreach Event in Vietnam

We are thrilled to welcome the return of our in-person global health events. In September, a team of ASEF volunteers traveled to Vietnam to collaborate with the **Vietnam National Heart Institute at Bach Mai Hospital**. They hosted a medical aid camp for over 850 adult and pediatric patients; conducted a research project to enhance early identification of patients at high-risk of disease in remote communities; and hosted the Vietnam-America Echocardiography Symposium for over 150 regional clinicians. In between, the team laughed a lot, and forged global connections and friendships that will endure long after they returned home.

Cảm ơn, thank you, to our amazing medical team, and our Partners in Care: **Philips Vietnam, Hamedco Medical Devices, Medivest, and Dr. Lab**. This would not have been possible without all of you! Learn more about the team's work at ASEFoundation.org/Vietnam-2023.
